## QUAID'S MESSAGE

You know that the importance of education and the right type of education cannot be overemphasized. Under foreign rule for over a century, in the very nature of things, I regret, sufficient attention has not been paid to the education of our people, and if we are to make any real, speedy and substantial progress, we must earnestly tackle this question and bring our educational policy and program on the lines suited to the genius of our people, consonant with our history and culture, and having regard to the modern conditions and vast developments that have taken place all over the world.

There is no doubt that the future of our State will and must greatly depend upon the type of education and the way in which we bring up our children as the future servants of Pakistan. Education does not merely mean academic education, and even that appears to be of a very poor type. What we have to do is to mobilize our people and build up the character of our future generations. There is immediate and urgent need for training our people in the scientific and technical education in order to build up future economic life, and we should see that our people undertake scientific commerce, trade and particularly, well planned industries. But do not forget that we have to compete with the world, which is moving very fast in this direction.

In short, we have to build up the character of our future generations which means highest sense of honor, integrity, selfless service to the nation, and sense of responsibility, and we have to see that they are fully qualified or equipped to play their part in the various branches of economic life in a manner which will do honor to Pakistan.

## MESSAGE FROM THE CHANCELLOR

It gives me immense pleasure to learn that the University of Sargodha has been contributing to the progress of the country by producing young energetic graduates who are rendering their services in the practical fields nationally and internationally.

Today's world is in a state of continuous flux and change. The global pandemic has brought about several unprecedented changes in almost every walk of life. It has transformed our ways of living, avenues of thinking, means of communication, modes of business and methods of teaching and learning. In order to be at par with this unprecedented revolution, the academic institutions ought to provide skills and knowledge to embrace and incorporate the innovations that are engulfing the global economy. I am pleased to learn that the University of Sargodha took prompt measures to cope with the emerging challenges and shifted its pedagogical operations to the hybrid learning through digitalization and responded to this challenge as an opportunity.

As an emerging and developing nation, it is essential to equip our youth with professional, technical and analytical skills to meet the challenges of the future. We should broaden our research horizons so as to make our country an equal recipient of the global opportunities of the contemporary world.

It is more than satisfying for me as Chancellor that this young University has earned a reputable position in credible international rankings in a short span of time. I am pleased to learn that the Sargodha University was ranked among the Top 500 Asian University by the QS World University Ranking 2019, Top 500+ University by the times Higher Education Emerging Economies University Ranking 2020, Top 601+ in the world by the Times Higher Education University Impact Ranking 2020, and Top 350+ Young University by the Time Higher Education Ranking 2022. I hope, under the guidance of its new Vice Chancellor, the University shall further improve its international ranking and global outlook.

I extend my cooperation and patronage to the University for promoting conductive learning environment and educational facilities for its students and the faculty.

Muhammad Balighur-Rehman

## MESSAGE FROM THE VICE CHANCELLOR

As Vice Chancellor, University of Sargodha, I am honoured and immensely privileged to lead the University of Sargodha and warmly welcome my students who aspire to join the University during the academic session 2022-23.

As one of the largest universities of the country, the University of Sargodha provides world-class research and pedagogical facilities to its students in a highly supportive and conducive environment to enrich their personalized experience. Our dedicated faculty is committed to fashion our graduates into professionals equipped with innovative and productive skills essential for competing in the competitive global workforce market. Commensurating with the mission of the University, we pay special attention to the personality development of our learners to develop them into useful global citizens with a deep sense of civic responsibility and human values. We harbor a culture of creativity, critical inquiry, innovation and collaborative learning.

In a short span of time, the Sargodha University made its way to the international rankings and became a Top 500 Asian University in the QS World Universities Ranking 2019, a position it retained for the next years, as well as a Top 500+ University in the Times Higher Education Emerging Economies University Ranking 2020. It was also ranked 601+ in the world in the Times Higher Education University Impact Ranking 2020. It has been among the Top 350+ young universities in the Times Higher Education Ranking 2022. We have bigger challenges and milestones ahead in the coming years.

In short, the University of Sargodha possesses an aesthetically captivating and spacious campus equipped with a variety of facilities to enrich your pedagogical and social experience. I invite you to experience exceptional learning and research under the leadership of an inspirational faculty in an inclusive and healthy environment. I assure, you will enjoy your stay at the University.

We are proud to introduce the University of Sargodha as a major public sector University in the province of Punjab, Pakistan. It started its journey in 1929 with the establishment of De'Montmorency College, later renamed as Government College, which was awarded the University Charter in 2002.
With its main campus located in Sargodha city and Agriculture college in its suburb, the University presently has around 19,000 students and 550+ faculty members, including 265+ PhDs , in 25 departments, three institutes, one school, and four constituent colleges that come under the seven faculties of Social Sciences, Arts and Humanities, Sciences, Agriculture, Pharmacy, Medical and Health Sciences, Engineering and Technology. They are assisted by around 1,500 administrative staff. The University also has 224 affiliated government and private colleges spread across the province.

Sargodha University offers modern teaching and research facilities, including well-equipped classrooms, laboratories, and a vast collection of library material with online access to books and journals. Over a dozen hostels accommodate all female students and a limited number of male students. With an affordable fee structure, the University provides a host of scholarships, internships and business opportunities to the needy and meritorious students. While the Internship Program and Career Development Centre prepare the students for competitive future careers through hands-on training, two E-Rozgaar centres located at the main campus enable them to earn through online freelance entrepreneurship. The Incubation Centre offers the creative students with an opportunity to start productive careers before graduation.
Its main campus, located in the heart of Sargodha city, is green and serene. The University prioritizes the promotion of critical learning and scholarship among its students and young faculty. Each semester, it remains abuzz with a variety of scholarly, co-curricular and sports activities, including seminars and conferences, sports gala and literary festival. The University also runs an FM radio station, offering infotainment and education to students and people of the region.
To ensure productive research, the University has established vibrant institutions, including the Office of Research, Innovation and Commercialization, and Quality Enhancement Cell, which have helped register several international patents for faculty in sciences and agriculture, besides funding research projects and publications and linking academic research with the local economy. The University runs a Citrus Nursery and produces its own mineral water, KhusAab, for faculty, staff and students. It also has a strong tradition of community service, with its Medical Complex and Research Centre offering telemedicine, OPD, pharmacy and diagnostic services to university students and staff as well as the people of the city.
Sargodha University has academic exchange agreements with major Chinese Agriculture Universities, including Lanzhou University, and South China Agriculture University. It also has collaborations with the UN Food and Agriculture Organization, Worldwide Fund for Nature and several other prominent national and institutions of advanced research and education. In 2019, Pakistan's fifth Confucius Institute was established at the University in collaboration with Henan Normal University in China.
The University has an ambitious agenda of quality-centric academic growth in the foreseeable future. It ultimately aims to become a hub of higher education in Pakistan and South Asia.

# THE CITY <br> O Eacles 

Sargodha holds great significance due to its strategic location.

Sargodha means pond of "Godha" or Adobe of the Fighter. Hence, it is not a mere coincidence that the city has made a name for itself for fighting valiantly against the Indian Air Force during the wars of 1965 and 1971, thereby winning the title of the City of Eagles.

Kirana Hills, or the black mountains, having sacred attributes in ancient Hindu mythology.

## INSTITUTIONAL DEVELOPMENT

Pursuing development project worth over Rs.1.54 billion funded by the Higher Education Commission. The project covers the infrastructure and allied facilities for Pakistan Institute of China Studies (PICS), Multimedia Development Center, a high-tech research lab and several other development initiatives.

Exploring CPEC opportunities through PICS, which offers various opportunities to students and researchers for academic research and exchanges between SU and Chinese universities, especially in agriculture. From Fall 2019, Chinese language classes have been started for the faculty and students. With the establishment of the fifth Confucius Institute in the country at SU, the formal launch of Chinese Studies program would be operationalized after the pandemic.

Shaping governmental policies towards quality education by shutting down five Public-Private Partnership sub-campuses and disaffiliated 80 colleges to recover university range.

Enhancing work efficiency through inclusive management style by devolving power to faculty heads and staff officers, and further down the line. Better service delivery through user friendly and mobile compatible website for online admissions.
Ensuring quality education through recruiting over 300 qualified faculty members, many with PhDs and global exposure, through regular meetings of the Selection Board and Syndicate.

Generating surplus budget through financial recoveries, and tangible growth in self-generated revenue through judicial, transparent and accountable approach.

Engaging Alumni through SU Alumni Association in outreach and development activities, including contributions to Endowment Fund.

## SOHAIL WARAICH

Alumnus of 1976-78. Sohail Warraich is a prominent Pakistani journalist, television host, analyst and media personality. He also enjoys good repute as an English teacher, and is a frequent visitor to the University of Sargodha.

The University of Sargodha offers its students an ideal environment for academic excellence and professional growth. Life at its main campus and sub-campus is conducive for advanced studies. Students are also provided with ample social avenues to refine their personalities and skills. The University faculty and staff have affable bond with students, and the mode of learning involves both formal and informal processes. The infrastructure is very well developed with modern buildings, well-equipped classrooms and research labs, congenial hostel environment, wide pathways, green and serene parks, and firstclass sports facilities. During each semester, the campus life remains abuzz with academic events such as conferences, seminars and workshops as well as co-curricular activities, including debates and other youthful activities.

The University of Sargodha is among the first few public sector universities where Smart University Project of the Higher Education Commission has been deployed successfully. The project has enabled us to experience an advanced WiFi Technology providing wireless coverage across the main campus, enabling the users (including students and teachers) to freely access wireless internet services both indoor and outdoor. Eduroam services are part of this project, aimed at enabling the users to freely access wireless internet services with the same credentials while visiting any other university in the country or abroad offering same services. Secure environment through Security Wing of the University, with alarms system, CCTV cameras and gated security.

## WAZIR AGHA LIBRARY

Our main library, named after a prominent literary figure and SU alumnus, is known for its long history, magnificent architecture and pleasant environment. It holds a collection of 100,000 books, a number of foreign and local journals, several online full text databases of books and periodicals, a computer lab comprising 50 computers with internet connectivity and a valuable collection of 25,000 digital resources and a MARC based Library Management System.

## E-RESOURCES

Besides the in-house collection of digital resources, the University Library provides online access to renowned global databases of digital content. These include access to the E-Library USA provided by the American Information Resource Centre through the Lincoln Corner situated at the Library. The HEC National Digital Library provides online access to peer-reviewed journals, databases, articles and e-books across a wide range of disciplines, including ISI Web of Science, Pro-Quest, Springer-Link, Emerald Insight and several other online databases.

## LINCOLN CORNER

Our Lincoln Corner is one of the largest corners in the jurisdiction of US Consulate General Lahore. It promotes experiential and interactive learning through its diverse programming which makes it to the 'Golden Category' of the American Spaces around the world.
Our Lincoln Corner is multimedia resource centre, where visitors can connect, practice their English language, and learn about America in many different ways. It aims to strengthen people to people connection between US and Pakistan through better
 understanding of cultural values.

## ACCOMMODATION

The University has ten female and four male students hostels, providing comfortable residential facilities to more than 4,500 students. It is the only public sector university which provides hostel facility to most of the female students who apply for residence. The accommodation in each of these hostels comprises both cubicles and dormitories. Each hall contains a well-furnished dining hall, a TV lounge, a common room, a reading room, electricity generators and emergency medical facilities.

## TRANSPORT

The University provides pick and drop services to the students within the radius of $30-\mathrm{km}$ in the city and its suburbs. 25 buses and several vans comprise the fleet of university transport. Similar facilities are available to students of sub-campus.

## HEALTHCARE

Our University Health Center at the main campus provides round the clock healthcare facilities to the students, faculty, staff and the local community. Medical consultants from Sargodha Medical College are available to take care of patients in the morning and evening. The ambulance service is available 24/7 to deal with emergency cases. The students are also provided SU's own mineral water, Khush Aab, at plants located on campus and in hostels.

## IT LABS

Well-equipped IT labs are available in the library and most of the departments to provide digital services to students and researchers.

## VOICE OF VARSITY

Our FM 98.2 radio station offers education and infotainment to students and local community.

A variety of services are available to the students for comfortable and healthy living as well as educational and skillful learning.

## SPORTS \& CO-CURRICULAR

The University of Sargodha offers a variety of sports facilities and co-curricular opportunities to its students. It is enriched with lush green playgrounds for cricket, hockey, football, athletics and other indoor and outdoor games. The Riaz Shad Co-Curricular Forum, with over a dozen student societies, prepares the students for winning national competitions in debates and other youthful contests.

## ON-CAMPUS INTERNSHIP PROGRAM

Providing work opportunities through OnCampus Internship Program for meritorious fresh graduates and enrolled students and various international and national exchange programs.

## E-ROZGAAR

Two E-Rozgaar Centers, established by the Punjab Information
Technology Board, are operational at our main campus and sub-campus in Bhakkar, offering online freelance business opportunities to the students.

I am Nadia Ghulam Muhammad. I am student of 6th semester of the Plant Breeding and Genetics in the College of Agriculture, University of Sargodha. The courses I have studied, are very interesting. They enhanced my intellectual curiosity. Teachers of our department are very dedicated professionals. We perform curriculum and co-curriculum activities in a well organized manner. Our department provides us a safe, professional and friendly learning environment.

Faculty of Arts and Humanities was established immediately after the inception of the University of Sargocha. It was originally the Faculty of Arts and Social Sciences and was the largest Faculty of the University. It is a blend of creative arts, humanities, languages and law, hence it has been renamed as Faculty of Arts and Humanities. It comprises seven departments and law college. The faculty brings together teaching and research expertise to create a multi-disciplinary hub for producing new ideas and knowledge that will help shape the future of individuals and the society. We offer diverse curricula that inspire students to take a multidimensional approach to explore issues and ideas. Our engagement with arts, culture and law enriches intellectual and professional outlook of our alumni.

## FACULTY OF ENGINEERING AND TECHNOLOGY

## MISSION OF COLLEGE OF ENGINEERING AND TECHNOLOGY (CET)

To provide world class engineering and technology education based on conducive learning environment, quality teaching and extensive research emerging as a solution provider to industry.

## List of Departments

- Mechanical Engineering
- Electrical Engineering
- Engineering Technology

Engineering plays a pivotal role in the socio-economic and technical development of a country. Pakistan, as a developing country is in dire need of highly skilled and qualified manpower. Our industry needs revival of engineering and technical skills where engineers share to play their significant role. The College of Engineering and Technology started in 2013 with the objective to impart quality education in the field of Engineering. The college has qualified and experienced teaching staff and the requisite laboratories. The college is providing conducive environment for conceptual understanding of the subject along with practical skills of engineering. The college being the constituent part of the University has benefits of having qualified teachers in the field of English, Social Sciences, Pakistan Studies, Physics, Chemistry and Computer Sciences.

## MISSION OF THE DEPARTMENT OF MECHANICAL ENGINEERING

The department aims to provide the students, fundamental mechanical engineering knowledge, skills and professional experience by imparting high quality education so that they may participate in industry and academics actively.

## MECHANICAL ENGINEERING PROGRAM <br> EDUCATIONAL OBJECTIVES

PEO 1: To apply knowledge of mechanical engineering essential for product development and resulting in successful careers.

PEO 2: To pursue research and innovation for solving industrial and commercial problems individually as well as team member.

PEO 3: To lead and participating in continue professional development and socio-economic challenges.
PEO 4: To demonstrate professional ethics, management skills and an effective communication.

## PROGRAM LEARNING OUTCOMES (PLOs) FOR MECHANICAL ENGINEERING

Program learning outcomes describe what students are expected to know and be able to do by the time of graduation. These relate to the knowledge, skills and attitude that the students acquire while progressing through the program.
PLO 1: Engineering Knowledge: An ability to apply knowledge of mathematics, science, engineering fundamentals and an engineering specialization to the solution of complex engineering problems.
PLO 2: Problem Analysis: An ability to identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences.
PLO 3: Design anmevelopment of Solutions: An ability to design solutions for complex engineering problems and design systems, components or processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal, and environmental considerations.
PLO 4: Investigation: An ability to investigate complex engineering problems in a methodical way including literature survey, design and conduct of experiments, analysis and interpretation of experimental data, and synthesis of information to derive valid conclusions.
PLO 5: Modern Tool Usage: An ability to create, select and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modeling, to complex engineering activities, with an understanding of the limitations.

PLO 6: The Engineer and Society: An ability to apply reasoning informed by contextual
knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to professional engineering practice and solution to complex engineering problems.
PLO 7: Environment and Sustainability: An ability to understand the impact of professional engineering solutions in societal and environmental contexts and demonstrate knowledge of and need for sustainable development.
PLO 8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of engineering practice.
PLO 9: Individual and Team Work: An ability to work effectively, as an individual or in a team, on multifaceted and ouvor multidisciplinary settings.
PLO 10: Communication: An ability to communicate effectively, orally as well as in writing, on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.

PLO 11: Project Management: Ability to demonstrate management skills and apply engineering principles to one's own work, as a member andwor leader in a team, to manage projects in a multidisciplinary environment.
PLO 12: Lifelong Learning: An ability to recognize the need for, and have the preparation and ability to engage in, independent and life-long learning in the broadest context of technological change.

## MISSION OF THE DEPARTMENT OF ENGINEERING TECHNOLOGY

To serve the engineering technology profession by offering high quality education with hands on lab experience to create professional technologists and contribute towards society by providing innovative solutions with focus on technical and management skills.

## PEOs for BS Civil Engineering Technology

PEO-01: To produce graduates having strong knowledge in civil engineering technology that will lead to develop technical competency.
PEO-02: To prepare graduates for success in technical careers and demonstrate in professional skills in the field of civil engineering technology.
PEO-03: To prepare graduates to become responsible citizens with high ethical and professional standards as well as awareness of societal impact of civil technologies.

## PEOs for BS Electrical Engineering Technology

PEO-01: Competent in electrical engineering technology discipline to meeting the industrial needs of the society.
PEO-O2: Graduate will create an environment of professionalism at their work places with good communication and management skills. They will demonstrate social and ethical values required by the profession.
PEO-03: To prevail the excellence and professionalism in graduates by encompassing technical knowledge and handon experience through academic and industrial trainings.

## PROGRAM LEARNING OUTCOMES (PLOs)

FOR ENGINEERING TECHNOLOGY (CIVIL, ELECTRICAL, MECHANICAL)
Program learning outcomes describe what students are expected to know and be able to do by the time of graduation. These relate to the knowledge, skills and attitude that the students acquire while progressing through the program.
PLO 1: Engineering Knowledge: An ability to apply knowledge of mathematics, science, engineering fundamentals and an engineering specialization to the solution of complex engineering problems.
PLO 2: Problem Analysis: An ability to identify, formulate, research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and engineering sciences.
PLO 3: Design ${ }^{\text {owno }}$ Development of Solutions: An ability to design solutions for complex engineering problems and design systems, components or processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal, and environmental considerations.

PLO 4: Investigation: An ability to investigate complex engineering problems in a methodical way including literature survey, design and conduct of experiments, analysis and interpretation of experimental data, and synthesis of information to derive valid conclusions.
PLO 5: Modern Tool Usage: An ability to create, select and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modeling, to complex engineering activities, with an understanding of the limitations.
PLO 6: The Engineer and Society: An ability to apply reasoning

## PEOs for BS Mechanical Engineering Technology

PEO-01: Apply Mechanical Engineering Technology knowledge to identify and address the technical and societal problems.
PEO-02: Provide solutions to global technological challenges being entrepreneurs, consultants and researchers following ethical practices.
PEO-03: Able to work as effective team members with strong management qualities and inclination towards life long learning.
informed by contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to professional engineering practice and solution to complex engineering problems.
PLO 7: Environment and Sustainability: An ability to understand the impact of professional engineering solutions in societal and environmental contexts and demonstrate knowledge of and need for sustainable development.
PLO 8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of engineering practice.
PLO 9: Individual and Team Work: An ability to work effectively, as an individual or in a team, on multifaceted and owor multidisciplinary settings.
PLO 10: Communication: An ability to communicate effectively, orally as well as in writing, on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations, and give and receive clear instructions.
PLO 11: Project Management: Ability to demonstrate management skills and apply engineering principles to one's own work, as a member and or leader in a team, to manage projects in a multidisciplinary environment.
PLO 12: Lifelong Learning: An ability to recognize the need for, and have the preparation and ability to engage in, independent and life-long learning in the broadest context of technological change.

## FACULTY OF <br> MEDICAL AND <br> HEALTH SCIENCES

## List of College/Departments

- Allied Health Sciences
- UMC \& RC

The Faculty of Medical \& Health Sciences was established by an administrative order in 2006. It is one among all the faculties created by UOS. At present, it offers the degree programs in MBBS, DPT, BS AHS, MD/MS, FCPS, MPhil and PhD. The Sargodha Medical College (SMC), the first institution under Faculty of Medical and Health Sciences, started MBBS degree in 2006 after due recognition by PM\&DC Islamabad, whereas the FCPS degree programs are also offered since 2009, in collaboration with College of Physicians and Surgeons Pakistan (CPSP) Karachi. It is the first ever public sector medical college in the Punjab run by a public sector university. Community Oriented Medical Education (COME) curriculum offered by the college is in line as recommended by Pakistan Medical \& Dental Council (PM\&DC), Islamabad and University of Health Sciences, Lahore. The Department of Allied Health Sciences was established in 2010 and situated at Sargodha Medical College Campus. The Department of Physical Therapy has started DPT, a five year degree in the same year. The establishment of Institute of Allied Health Sciences has been approved by the worthy Vice Chancellor already. In addition, Department of Medical Education has also been working since 2010 and is actively involved in staff development and training of medical practitioners and teaching faculty. Moreover, short \& long term diploma courses are also available under the Skilled Manpower Development Program. The admission process in various disciplines are usually started from the month of September and completed upto November each year.

## College of Pharmacy

- Pharmaceutics
- Pharmaceutical Chemistry
- Pharmacognosy
- Pharmacology and Basic Medical Sciences
- Pharmacy Practice

The Faculty of Pharmacy was established in 2009. Previously, it was the Department of Pharmacy which was established in 2003. This Faculty educates future pharmacists and scientists and provides professional development opportunities to practicing pharmacists and the pharmaceutical industry. All of our programs are driven by our mission to enhance the quality of life for the people of Pakistan and the global community through improved health. The past decade has witnessed major advancements in the practice, drug discovery, pharmaceutical technology and regulatory affairs of pharmacy. Pakistan pharmaceutical market ranges to about Rs. 50 billion. Keeping in view the emerging needs, Faculty of Pharmacy has laid down its objectives very carefully to enhance the industrial production and improvements in the development of manpower. Our department is unique in Pakistan because we have our own Pharmaceutical industrial unit. In addition, we have a Model Pharmacy which provides quality medicines and services to the local Public at concessional rates.

## FACULTY OF SCIENCES

## List of Institute/Departments

- Institute of Chemistry
- Biotechnology
- Botany
- Computer Science and

Information Technology

- Earth Sciences
- Mathematics
- Physics
- Statistics
- Zoology

T
he Faculty of Sciences is prominent among the Faculties of the University with the highly trained and experienced faculty members and well equipped laboratories. Its achievement in research and patents are the fruit of consistent efforts of its faculty and students. The Faculty is comprised of nine departments. The subjects of Botany and Zoology are enriched with innovative research culture. Chemistry tries to meet the ever-growing needs in the field of chemical sciences. Computer Science and IT has research focus on Software Engineering, Machine Learning, Computer Networks and Security. The Earth Sciences has a progressive vision about exploration of natural resources. Mathematics has facilities for research scholars and students to develop a large and productive research in Pure, Applied and Computational Mathematics. Physics is characterized by Advanced Electronics, Optics and Methods of Experimental Physics along with elective papers in different programs. Statistics is used to design surveys and experimental research, collect and analyze data, interpret and evaluate numerical evidence and communicate results. The faculty is continuously being strengthened by recruiting quality faculty and modernizing the laboratory facilities. A number of research projects of multi-disciplinary nature are being undertaken by highly experienced faculty in collaboration with National \& International institutions.

## Institute of Chemistry, I am

 convinced, is a home with loads of amazing serendipities. Classes, practical, seminars and workshops were just a few of the excellent opportunities for me to explore and learn about the cutting-edge research in Chemistry. I was able to learn not only basic chemistry, but also the boundaries with other sciences like Biology or Physics. I consider this institute as the best place to start learning chemistry. ## PhD Chemistry

Eligibility: UOS conducted subject based entry test ( $70 \% \mathrm{~min}$ ) + Interview and 3.0 CGPA out of 4.0 in MS/MPhil Chemistry or equivalent degree.
Duration: 3-8 Years
Semesters: 6-16
Degree Requirements: 18 Credit Hours Course Work + Dissertation Fee Structure: See "Fee Structure" page No. 154

## Areas of Specializations

1. Analytical \& Inorganic Chemistry
2. Biochemistry
3. Organic Chemistry
4. Physical Chemistry

- PhD course work comprises of 18 credit hours
- Four courses of three credit hours will be compulsory for all students.
- Two courses of three credit hours will be from the courses offered by the specific discipline as mentioned in optional list or any interdisciplinary courses as per requirement of the research of the students will be consent of supervisor concerned and approval of Director of the Institute. The courses will be distributed equally with subject to availability of teacher during the semester.

It's never easy to say good bye where you have spent not only quality time but emotions and feelings as well. Time flies away like a rocket as it seems like it was yesterday when this journey started and now it is almost the start of a new journey to our professional life. Life at SU campus was full of learning and exploring. The teaching, choices of courses, lectures, assessment and opportunity to research in an area of interest, were all excellent. I have cherished my every moment from day first till now but I specially miss the golden days spent at Lincoln Corner as Friend of the Corner.

## FACULTY OF SOCIAL SCIENCES

## List of Departments/School

- Economics
- Education
- History and Pakistan Studies
- Noon Business School
- Politics and International Relations
- Psychology
- Social Work
- Sociology and Criminology

The Faculty of Social Sciences was created in 2013 at University of Sargodha. Since its inception, this faculty provides an avenue for the creation of knowledge through its unique blend of teaching and research. In a short span of time, it has become a leading centre for research and teaching in the social sciences and aims to provide students with a broader coherent intellectual base for understanding various contemporary economic, political, psychological and social issues especially those related to public and social policy. Through service-learning, field trips,exchange programs, ectures, seminars and conferences, students have been provided opportunities to experience the practical and theoretical integration of courses. The Faculty of Social Sciences comprises one school and seven departments that offer undergraduate, graduate and postgraduate programs. With its 2500 students, 200 full-time and visiting faculty, wide array of programs and research centers; the faculty is continuing to pursue the academic objectives of the University. The students are supervised by excellent researchers and undertake cutting-edge research in the areas of social sciences.

Semester-3 \& onward
EDUC-8110 Doctoral Dissertation

My experience at Department of Education is just wonderful. Teachers I found here are kind and hardworking. They not only helped us in studies but also taught us how to be a good person. Here I have learned, experience, enjoyed every moment and got myself groomed as a person and professional. Seminars we attend in the Department nurture our thinking. Department's adoration towards students' learning is incredible. I will not be shy to say that indeed it is the best Department that has made me a confident student. Ayesha Ashraf, BS Education

## STUDENT SOCIETIES AND CLUBS

The University, in line with its mission, provides maximum opportunities of practical leadership training to the students by encouraging their participation in different clubs and societies. The main purpose of these societies is to engage the students in healthy and constructive activities and develop critical thinking, decision making and leadership skills among them. The

involvement of students in the clubs and societies serves as a counter strategy to eliminate extremism through a culture of critical dialogue. Initially, the University has launched 18 student societies and clubs. These societies are run independently by the students themselves. The university has a vibrant Riaz Shad Co-Curricular Forum and these societies work under the auspices of this forum.

## FACILITATION CENTER

The Facilitation Centre, established in 2019, serves admission aspirants, enrolled students, visitors and alumni proactively within due course of time through One Window Operation. Situated at the University entrance, it assures better service delivery to improve administrative efficiency and institutional performance. Through a dedicated team of professionals and student interns, equipped with technological tools and mentorship support, the Centre resolves issues pertaining to admissions, academics, examinations and accounts right at the doorstep. For the purpose, it performs the following key functions using a variety of means:

Complaint Cell

Admission and Academic Counseling

## Technical support in the admission application

Financial Services

- One Window Operation, simplifying all procedural formalities, to facilitate students, visitors and alumni.
- Tackling the high flux of student queries, especially during the pandemic, through emails.
- Use of various modes, including a Front Desk for walkin queries, a call centre and admission advisory service, to provide instant response and support to students.
- Employment of social media sites (official website, Facebook, Twitter and Instagram pages) to keep the students updated about academic activities and other issues.
- Provision of urgent services related to the issuance of degrees and transcripts, document verification, NOC, English Proficiency Certificate, issuance of roll number slips, change of examination centers and others.
- Use of Electronic Request and Complaint Processing to instantly manage the students and other queries.
- Provision of counseling support to prospective candidates for admission at the University.
- During admission, the Centre becomes a focal point for online admissions and provision of on-campus support to the visiting candidates.

By performing such manifold functions, the Facilitation Centre has played a major role in improving the University's oncampus and online service delivery, particularly relieving its administrative departments from the pressure of external visitors, especially graduates and students for the settlement of various issues. In 2020, the HEC, in its report on the University's institutional performance, also acknowledged the services of Facilitation Centres as one of its kind for the provision of student support facilities across national universities.
